\$150.00

The wide range of approaches to data analysis in qualitative research can seem daunting even for experienced researchers. This handbook is the first to provide a state-of-the-art overview of the whole field of QDA; from general analytic strategies used in qualitative research, to approaches specific to particular types of qualitative data, including talk, text, sounds, images and virtual data.

The handbook includes chapters on traditional analytic strategies such as grounded theory, content analysis, hermeneutics, phenomenology and narrative analysis, as well as coverage of newer trends like mixed methods, reanalysis and meta-analysis. Practical aspects such as sampling, transcription, working collaboratively, writing and implementation are given close attention, as are theory and theorization, reflexivity, and ethics.

Written by a team of experts in qualitative research from around the world, this handbook is an essential compendium for all qualitative researchers and students across the social sciences.

TABLE OF CONTENTS

PART ONE: MAPPING THE FIELD

PART TWO: CONCEPTS, CONTEXTS, BASICS

Notes Toward a Theory of Qualitative Data Analysis

Analytic Inspiration in Ethnographic Fieldwork

Sampling Strategies in Qualitative Research

Transcription as a Crucial Step of Data Analysis

Collaborative Analysis of Qualitative Data

Qualitative Comparative Practices: Dimensions, Cases, and Strategies

Reflexivity and the Practice of Qualitative Research

Induction, Deduction, Abduction

Interpretation and Analysis

PART THREE: ANALYTIC STRATEGIES

Grounded Theory and Theoretical Coding

Uwe Flick

Joseph A Maxwell and Margaret Chmiel

Jaber F Gubrium and Jim A Holstein

Tim Rapley

Sabine Kowal and Daniel C O'Connell

Flora Cornish, Alex Gillespie and Tania Zittoun

Monika Palmberger and Andre Gingrich

Tim May and Beth Perry

Jo Reichertz

Carla Willig

Robert Thornberg and Kathy Charmaz

Qualitative Content Analysis
Phenomenology as a Research Method
Narrative Analysis: The Constructionist Approach

Documentary Method
Hermeneutics and Objective Hermeneutics
Cultural Studies
Netnographic Analysis: Understanding Culture through Social Media Data

Using software in Qualitative Analysis

PART FOUR: TYPES OF DATA AND THEIR ANALYSIS

Analyzing Interviews
Analyzing Focus Groups
Conversations and Conversation Analysis
Discourses and Discourse Analysis
Analyzing Observations
Analyzing Documents
Analyzing News Media
Analyzing Images
Analysis of Film
Analyzing Sounds
Video Analysis and Videography

Analyzing Virtual Data

PART FIVE: USING AND ASSESSING QUALITATIVE DATA ANALYSIS

Reanalysis of Qualitative Data

Qualitative Meta-analysis
Quality of Data Analysis
Ethical Use of Qualitative Data and Findings
Analytic Integration in Qualitative-Driven (QUAL) Mixed- and Multiple-Method Designs
Generalization in and from Qualitative Analysis
Theorization from Data
Writing and/as Analysis or Performing the World
Implementation: Putting Analyses into Practice

Margit Schreier
